SUMMARY

Revenue operations professional with 15+ years of hands-on CRM ownership, HubSpot, Salesforce, GoHighLevel, and Accelo's own CRM/PSA platform, personally configuring data models, lifecycle stages, and segmentation rather than overseeing configuration at a distance. Built compliance and customer-management systems from scratch in a highly regulated environment early in his career, and has since applied the same judgment to prioritizing what to change versus what to leave stable across complex, multi-system SaaS environments. Communicates the reasoning behind operational decisions clearly to both technical and non-technical stakeholders.
