SUMMARY

Customer success and account management professional with 15+ years in B2B SaaS, owning the post-sale journey from onboarding through retention and expansion. At Wix I launched 25+ clients per month at 110% of implementation targets and drove a 25% conversion improvement across supported accounts. At Birdeye I used utilization data to flag at-risk partners early and retained all but one of 15-20 (~94%). Consultative by default: I run discovery to find what a customer actually needs, then tie adoption to measurable results in business reviews.
