SUMMARY

Customer Success and account management professional with 15+ years owning post-sale relationships in SaaS and MarTech, carrying a book of business to retention, adoption, and expansion targets. I build trusted relationships with senior and technical stakeholders, run the quarterly business reviews that surface risk and growth, and negotiate renewals, cross-sells, and upsells. Technical enough to guide software integration, onboarding, and troubleshooting, and self-directed in a remote, quota-carrying environment.
