SUMMARY

Hands-on CRM owner and growth-systems builder. At Solenzo I am the primary administrator for client CRMs in GoHighLevel and HubSpot: pipelines, lifecycle stages, segmentation, data hygiene, 20+ automated workflows, and integrations built with webhooks, REST APIs, and OAuth in n8n, Make, and Zapier. I install GA4 and Google Tag Manager with conversion tracking and consent configuration, build dashboards in Power BI, and validate every data import into Salesforce, HubSpot, and GoHighLevel. Before that, 15+ years partnering with sales, marketing, and onboarding leaders at Wix, Birdeye, and Accelo, including defining the Salesforce fields our onboarding workflows ran on.
