Re: Advertising/SEO Sales Representative

Dear Hiring Team,

Your posting asks for someone who can sell and also run the SEO and advertising audit that proves the pitch, a combination I don't see very often. I've spent the last several years doing exactly that: carrying a sales quota and doing the technical marketing work myself, not handing it off to someone else.

At Accelo, I ranked top three on a team of 8 to 15 reps while quota roughly doubled, selling CRM and project-management software to agencies and professional-services firms and building trusted-advisor relationships with C-suite buyers. At Solenzo, I run technical SEO audits, manage Google Ads accounts, and run ad creative split tests in Meta Ads Manager for a portfolio of B2B clients, the same kind of audit work your team would ask me to produce on demand. At Fetch & Funnel, I closed six new-client deals in five months, over \$130K in bookings.

I don't have automotive-specific sales experience, but I've sold and audited the same category of marketing and website services into other verticals for 15 years, and platform-specific systems are the kind of thing I've picked up quickly everywhere I've worked. I'd welcome the chance to talk through how that translates to your dealer network.

Best,

Joshua Rotenberg
