SUMMARY

Marketing operations builder working where CRM automation, paid media, and generative AI meet. I build lead scoring, lifecycle stages, and nurture automation in HubSpot and GoHighLevel, run LinkedIn and Google Ads, set up SPF/DKIM/DMARC and warm-up myself at 99%+ deliverability, and deploy tracking through Google Tag Manager. I've built a 9-dimension framework for how AI search and LLMs read and cite a business, and published 10 articles on semantic SEO and generative engine optimization.
