SUMMARY

Lifecycle and CRM marketer who builds the automated journeys and writes the messages. At Solenzo I designed a 20+ workflow lifecycle system covering welcome, post-purchase onboarding, reviews, long-term nurture, and reactivation of lapsed customers. At Wix I helped established retailers launch online stores, across an e-commerce segment that saw a 30% traffic lift and 25% conversion improvement. I segment on behavior and lifecycle stage, build custom tracking events, and read the results myself.
