SUMMARY

Marketing operations leader with 4+ years of direct SEO work inside a 15+ year B2B career, spanning national agency SEO (Level Agency), technical SEO audits and schema implementation for a multi-client book (Solenzo), and 2 years managing a team of onboarding specialists (Wix, 20 then 8 people). Builds and runs AI agent systems daily, including hands-on use of Claude Code, ChatGPT Codex, and Google AI Studio, and treats AI-search visibility as a natural extension of the technical SEO work already underway rather than a separate discipline. Root-causes performance claims instead of trusting a dashboard number, and briefs client-facing owners on the strategy and evidence behind every recommendation.

PROFESSIONAL EXPERIENCE

SEO Strategy Lead — Founder & Strategic / Marketing Operations Lead | Solenzo LLC

Feb 2024 - Present

Arvada, CO (Remote)

- Own SEO strategy and delivery for a portfolio of B2B service clients, running technical SEO audits, keyword gap analysis, and competitor research in Screaming Frog, then implementing fixes directly inside client CMS platforms.
- Identify and implement schema and structured data as part of every technical SEO audit, pulling full on-page schema implementation ahead of remediation.
- Root-caused a stacked two-bug conversion-tracking failure for a client (a form-relay redirect race condition and a sandboxed iframe isolating the GTM dataLayer) that had silently prevented its highest-value lead conversion from ever firing; verified the fix end to end via direct browser inspection rather than platform debug tooling.
- Claim, set up, and optimize Google Business Profile listings as the first deliverable in every client engagement, the foundation the rest of each client's local-search and lead-flow program builds on.
- Build and deploy AI agent systems for clients using Claude Code, ChatGPT Codex, and Google AI Studio, translating non-technical stakeholders' intent into structured prompts and reliable automation; built rubric-based grading criteria to score AI-generated output against defined standards.
- Report SEO and marketing performance to business-owner stakeholders on a regular cadence, tracking GA4 and Google Search Console across concurrent accounts to turn findings into a prioritized action plan rather than a status update.

SEO & Content Strategist — Account Executive / Client Strategist | Level Agency

Sep 2024 - Feb 2025

Remote

- Directed SEO and content direction for a book of national B2B clients, running keyword research and search-term analysis to shape organic content strategy and campaign targeting.
- Built campaign performance reporting frameworks tracking ROI, CAC, LTV, and organic conversion KPIs, translating results into optimization recommendations and QBRs for client leadership.
- Coordinated execution across internal departments as strategic lead on multi-stakeholder accounts, holding delivery quality consistent across implementations.

Channel Partnerships & Customer Onboarding | Birdeye

Feb 2023 - Apr 2024

Remote

- Onboarded and managed 15-20 reseller partners (deal sizes ~\$10K-\$45K, spanning health, home services, and retail), retaining all but one (~94% retention), on Birdeye's proprietary local-listings/data-aggregator solution.
- Advised partners on retention strategy and customer health metrics, equipping them to communicate product value and reduce onboarding friction.

People Manager — Account Manager, Onboarding Launch Specialist & Team Lead | Wix.com

Aug 2020 - Aug 2022

Remote

- Directly managed and developed a team of onboarding specialists for 2 years, a team of 20, later a team of 8, coaching individual performance and owning delivery quality across a high-value account portfolio.
- Led digital growth consultations aligning site architecture, inbound marketing, and SEO best practices, including client Google Business Profile setup, contributing to a 30% increase in website traffic and 25% improvement in conversion rates across the e-commerce segment.
- Contributed to hiring, onboarding, and training new hires and developed sales training for tenured account executives as a new Wix vertical scaled from proof of concept to a profitable business line.
