SUMMARY

Client onboarding and implementation specialist with 15+ years in SaaS, most of it working with small-business owners. At Wix I carried a book of up to ~25 concurrent onboardings, launched 25+ clients per month, and held 110% of implementation targets by keeping every client moving toward their launch date. At Birdeye I onboarded 15-20 reseller partners in Salesforce and retained all but one. I use AI tools daily to draft client communications, build workflows, and keep a high-volume book organized.
