Xplor Technologies

Re: Customer Success Manager, Strategic Accounts

Dear Hiring Manager,

moonshot

Xplor exists so owners can get back to the work they love, and I've spent my career on the other side of that promise: making software actually pay off for small and mid-sized businesses. At Birdeye I managed a reseller channel of 15 to 20 partners, watched usage closely to step in when an account started to slip, and retained all but one. At Wix I launched 25+ clients a month at 110% of my implementation target, and at Accelo I worked directly with C-suite leaders on how their teams would adopt a new platform.

To say it straight: I haven't worked in boutique fitness, and my largest accounts have been mid-market rather than enterprise. What I do bring is a repeatable way to learn a customer's business fast, build a success plan around the outcome they care about, and show it in a business review that leadership believes. I'd welcome a conversation at 303-726-5037 or jrotnbrg@gmail.com.

Best,
