SUMMARY

Marketing operations and demand generation leader with 15+ years in MarTech, SaaS, and agency environments, including 5+ years building CRM and marketing-automation systems across HubSpot and GoHighLevel. I own the full marketing function in lean environments, standing up lifecycle email, paid media, SEO, and analytics, and I'm comfortable defining process from scratch and directing outside vendors rather than only executing. Equal parts builder and operator, focused on turning marketing systems into measurable pipeline and revenue.
