SUMMARY

Growth marketer and systems builder with 15+ years across agency, SaaS, and marketing operations, building repeatable acquisition engines rather than one-off campaigns. Owns paid and organic channels end to end, tracks CAC, conversion, and ROI through the full funnel, and builds the dashboards that turn those numbers into budget decisions. Founder of Solenzo, where a 20+ workflow acquisition and lifecycle system was designed, built, and shipped solo. Works the seam between marketing, product, and engineering, because most conversion problems turn out to live past the click.

PROFESSIONAL EXPERIENCE

Founder & Strategic / Marketing Operations Lead | Solenzo LLC

Feb 2024 - Present

Arvada, CO (Remote)

- Architected a repeatable acquisition and lifecycle system of 20+ workflows spanning lead capture, tagging and routing, qualification, booking with confirmations and reminders, no-show recovery, onboarding nurture, long-term reactivation, and automated review generation.
- Built segmented cold-email and outreach engines, plus an automated audit workflow that scored a company's digital footprint and enrolled 180+ contacts into personalized sequences.
- Optimized a client's Google Ads account by cutting spam and low-quality leads and improving click quality, then traced the remaining conversion gap to the on-site experience rather than stopping at platform metrics.
- Build executive-facing dashboards tracking acquisition, funnel progression, campaign ROI, and pipeline velocity, and recommend where spend should move based on what they show.
- Track acquisition and retention across accounts in GA4 and CRM analytics, running tests and iterating on conversion rates rather than shipping and moving on.
- Conduct technical SEO audits, keyword gap analyses, and competitor research, implementing organic fixes directly in client CMS platforms.
