SUMMARY

Customer success professional from martech and adtech: a loyalty platform for small businesses (Fivestars), a local-listings data platform (Birdeye), and a performance agency managing \$20K+/month ad budgets. Retained all but one of 15-20 partners at Birdeye, onboarded 25+ clients a month at Wix, and turns dashboards into plain-English summaries and QBR decks. Spent 15+ years cooking in restaurants before SaaS, so I know how an operator thinks about guests, margins, and time.
