SUMMARY

Client success manager who works hands-on inside the account. I build and fix GoHighLevel workflows, pipelines, forms, calendars, and email and SMS automation myself, and I trace integration and messaging issues down to what broke and why. At Birdeye I managed 15-20 partners, including healthcare-focused agencies, and kept all but one by watching utilization and stepping in early. At Wix I onboarded 25+ clients a month at 110% of implementation targets.
