SUMMARY

Implementation lead who owns discovery: gathering and finalizing requirements, consulting clients on best practices, and handing off a clean build. At Accelo I scoped implementations of a complex CRM, project, and billing platform and built the sequenced plans the delivery team executed. At Wix I launched 25+ clients a month at 110% of implementation targets and coached onboarding teams of up to 30. I set up and validate data feeds myself and work hands-on in Excel.
