SUMMARY

Marketing operations leader and 0-to-1 builder with 15+ years in B2B SaaS and MarTech. Founded and built Solenzo from scratch, architecting AI-driven, agentic marketing systems for clients and translating loosely defined business intent into precise AI prompts and agent logic, hands-on daily fluency with ChatGPT and Claude as production tools, not just talking points. Took a brand-new Wix vertical from proof of concept to a profitable line, building the messaging, training, and enablement materials that got it there. Writes technical concepts into clear, compelling narratives for B2B audiences.

PROFESSIONAL EXPERIENCE

Founder & Strategic / Marketing Operations Lead | Solenzo LLC

Feb 2024 - Present | Arvada, CO (Remote)

- Architect and deploy autonomous, AI-driven marketing systems for B2B clients, translating non-technical stakeholders' generalized ideas into precise, structured AI prompts and agent instructions, the bridge between business intent and reliable LLM output.
- Break down manual marketing workflows into agent architectures with custom logic, building and launching new automated capabilities from a blank page (0 to 1) for each new client engagement.
- Write and publish thought leadership content, newsletters, and educational guides on systems architecture, CRM optimization, and operational growth for B2B audiences.
- Build reusable messaging frameworks and boilerplate marketing assets, adapting a shared template base to each client's brand and category rather than starting from scratch each time.
- Report performance on a regular cadence with actionable insights and strategic recommendations, backed by tracking across sales enablement, marketing, and operations.

Channel Partnerships & Customer Onboarding | Birdeye

Feb 2023 - Apr 2024 | Remote

- Sold and onboarded 15-20 reseller partners onto Birdeye's proprietary technology solution, translating technical product capability into a customer-facing value proposition partners could resell.
- A meaningful share of that partner book sold specifically into agencies focused on healthcare clients, direct B2B marketing-technology experience in a healthcare-facing vertical.
- Collaborated with Product and Engineering to translate structured partner feedback into roadmap input.

Account Manager, Onboarding Launch Specialist & Team Lead | Wix.com

Aug 2020 - Aug 2022 | Remote

- Drove team initiatives and process improvements for a brand-new Wix vertical that went from proof of concept to a profitable business line, a 0-to-1 launch built from the ground up.

- Managed a high-value account portfolio, contributing to a 30% increase in website traffic and 25% improvement in conversion rates across the e-commerce segment.

Account Executive | Accelo

Apr 2018 - Jul 2020 | Denver, CO

- Sold and scoped complex CRM and project-management software to agencies and professional-services firms, translating technical product capability into business value for C-suite buyers.
