SUMMARY

Marketing technologist with 15+ years building and maintaining web properties, landing and campaign pages, and the CRM, marketing-automation, and analytics integrations behind them. I work closely with marketing teams, own deliverables end to end in a remote async environment, and care about performance, Core Web Vitals, and technical SEO. Strongest on the marketing-web, CMS, and integration side of web work rather than deep custom application engineering.

PROFESSIONAL EXPERIENCE

Founder & Marketing Technology Lead | Solenzo LLC

Feb 2024 – Present

Arvada, CO (Remote)

- Build and maintain landing pages and campaign pages in CMS platforms, in close collaboration with marketing goals and brand.
- Conduct technical SEO audits and implement fixes directly in client CMS platforms, improving page performance, Core Web Vitals, and search visibility.
- Integrate third-party tools and APIs across CRM, marketing automation, and analytics platforms to connect web properties to downstream systems.
- Maintain clean documentation and repeatable processes, working self-directed and managing multiple priorities.

Account Manager & Onboarding Team Lead | Wix.com

Aug 2020 – Aug 2022

Remote

- Managed website launches and digital growth setups on the Wix platform, aligning site architecture, performance, and SEO best practices.
- Built and optimized client websites and pages across diverse verticals, contributing to a 30% increase in traffic and 25% improvement in conversion in the e-commerce segment.
- Guided clients through web setup, troubleshooting, and optimization, coordinating closely with internal teams.

Account Executive / Client Strategist | Level Agency

Sep 2024 – Feb 2025

Remote

- Produced landing pages and conversion-focused web assets in partnership with marketing and design.
- Tracked page and funnel performance, translating analytics into optimization work in a fully remote environment.

Customer Onboarding & Technical Setup | Birdeye

Feb 2023 – Apr 2024

Remote

- Guided customers through technical setup and integration of marketing software, troubleshooting configuration issues before escalation.
