SUMMARY

B2B sales professional with 15+ years of full-cycle selling and technical solution scoping across SaaS, MarTech, and operations. As co-owner of a licensed cannabis cultivation facility, personally specified and selected HVAC and ventilation equipment, exhaust and intake fans, ducting, climate control, and CO2 systems, working directly with equipment vendors to evaluate options and make buying decisions. Brings that same buyer-side technical fluency into a tenured B2B sales career: ranked top three in sales on a team that scaled from 8 to 15 reps, consistently performed above commission floor into accelerator tiers, and is proficient across four CRM platforms.
