SUMMARY

GTM solutions consultant who has sold the software, implemented it, and built the stack behind it. At Accelo I ran discovery and scoped complex CRM deals with C-suite buyers, ranked top three while quota roughly doubled, and built the implementation plans delivery executed. Today I design GTM systems end to end: CRMs integrated through REST APIs, webhooks, Zapier, Make, and n8n, with AI workflows calling OpenAI and Claude. Hands-on with Apollo, Salesloft, ZoomInfo, and Gong.
