SUMMARY

SEO and growth marketing manager with 4+ years of hands-on SEO experience and a decade-plus in B2B marketing and account management. Runs technical SEO audits, keyword strategy, and on-page schema implementation personally, ties performance to GA4 and CRM data, and reports results with a clear point of view on what to do next. Builds and uses AI tooling daily, including hands-on agent-building work with Claude, to run growth systems more efficiently, not just to keep up with client conversations about AI visibility and search.
