SUMMARY

Onboarding and enablement lead who gets customers from kickoff to confident, measurable use. At Wix I onboarded 25+ clients per month at 110% of implementation targets, including e-commerce launches for established retail businesses, and trained onboarding teams of up to 30. At Birdeye I tracked partner utilization to catch low adoption early and retained all but one of 15-20 (~94%). I use AI every day to research, draft documentation, and personalize customer communication, and I grade AI output against a rubric before it reaches a customer.
