Re: Customer Success Manager, MarketSharp

Dear Hiring Team,

MarketSharp's customers are the people I already work with. Through my consulting business, Solenzo, I build and support CRMs and marketing automation for home service trade businesses: lead capture and routing, appointment booking, follow-up, nurture, and review generation. I know where a contractor's CRM adoption stalls (usually when follow-up depends on someone remembering to do it) and how to get them back to using it every day.

On the customer success side, I managed 15-20 reseller partners at Birdeye, including home services, and kept all but one. Most of that came from watching usage and health data, deciding when an account needed an off-cycle check-in, and stepping in before renewal was in question. I've worked in Salesforce and Zendesk, and at Wix I managed about 25 concurrent onboardings at peak. I also look for expansion the right way: at Solenzo I recommend services a client isn't using yet only when they fit the client's goals.

I'm based in Arvada, a short drive from your Denver headquarters, so travel there is easy and I'm open to working in-office when it helps. I'd welcome a conversation at 303-726-5037 or jrotnbrg@gmail.com.

Sincerely,

Joshua Rotenberg
