SUMMARY

Marketing leader with 15+ years owning the full marketing function in lean, fast-moving environments — comfortable as both strategist and executor, and fluent in building distinct messaging and journeys for B2C and B2B audiences. As founder of Solenzo, I run brand positioning, content and social strategy, demand generation, paid media (Google, Meta, programmatic), and CRM architecture end-to-end for a portfolio of clients, directing lead-generation funnels grounded in organic growth before layering in paid amplification and AI-driven automation to scale what's working. My roots in the music industry go back further than my career — years on the road as touring crew for a Fort Collins band and on the crew at a live venue — a genuine, ground-level starting point for leading marketing at a company built around independent artists. I bring the cross-functional range — sales enablement, vendor management, client-facing delivery, and a fast-adopting, tech-forward mindset — to lead a central marketing engine across a growing portfolio of businesses and new verticals.

PROFESSIONAL EXPERIENCE

Founder & Marketing / Growth Operations Lead | Solenzo LLC

Feb 2024 – Present

Arvada, CO (Remote)

- Own the full marketing function for a portfolio of B2C and B2B service-based clients — brand positioning, content and social strategy, demand generation, and lifecycle marketing — acting as the marketing lead accountable for revenue outcomes.
- Direct lead-generation funnel strategy grounded in organic growth: building traffic and community first, then layering AI-driven automation and paid amplification to scale what's working.

- Establish KPIs and manage the marketing tech stack (GoHighLevel, HubSpot, GA4), building executive-facing dashboards on lead generation, funnel progression, ROI, and pipeline velocity — connecting marketing activity directly to pipeline.
- Architected and deployed a complete marketing-automation system of 20+ workflows spanning lead capture, qualification, appointment booking, no-show recovery, nurture/reactivation, and review generation.
- Built segmented multi-channel acquisition engines plus an automated prospect-audit workflow that enrolled 180+ contacts, scoring each business's digital footprint to trigger hyper-personalized outreach.
- Draft high-conversion sales assets — landing pages, direct-response copy, outreach sequences — equipping client sales teams to move prospects through the pipeline faster.
