## SUMMARY

Lifecycle and CRM marketer who builds and runs email programs end to end: 880K+ emails delivered over ~18 months at a ~43% open rate, ~11% click rate, and 0.01% spam complaint rate. At Solenzo I design, build, and optimize automated lifecycle journeys for consumer-facing service businesses: onboarding, nurture, booking reminders, no-show recovery, reactivation of lapsed customers, and review requests across 20+ production workflows, with segmentation, lifecycle stages, and lead scoring in GoHighLevel and HubSpot. At Level Agency I built complex email sequences and landing pages for accounts spending $20K+/month on ads, ran A/B tests, and reported ROI, CAC, and conversion KPIs.
