Kintsugi

Re: Onboarding Manager

Hiring Team,

Kintsugi is looking for someone who treats onboarding as a relationship to own, not a ticket to close, and that's been the actual shape of my onboarding work for 15 years. At Solenzo, I own each client relationship from kickoff through a documented handoff, auditing CRM data and configuration on every new account before it becomes a problem later.

At Birdeye, I onboarded and managed 15 to 20 reseller partners (deals from about \$10K to \$45K) and retained all but one (about 94%), catching adoption gaps early by analyzing partner utilization rather than waiting for a partner to go quiet. At Wix, I managed a team of onboarding specialists for two years (a team of 20, later 8) while keeping documentation and status current across a high-value portfolio. That's the same real-time discipline this role asks for across multiple onboardings at once.

I'd welcome a conversation about how that experience applies to Kintsugi's onboarding function. I'm available at 303-726-5037 or jrotnbrg@gmail.com.

Sincerely,

Joshua Rotenberg
