SUMMARY

Customer success and account management professional with 15+ years in SaaS, MarTech, and agency environments, driving product adoption, retention, and expansion across a book of business. Retained all but one of 15-20 reseller partners at Birdeye (~94%), managed a high-value account portfolio at Wix while leading a team of 20 (later 8), and advised C-suite buyers on operational system design at Accelo, a work-management and professional-services automation platform. I pair the relationship with technical depth: I configure CRMs and build integrations myself, so I can talk configuration trade-offs, not just outcomes.
