SUMMARY

Direct-response copywriter and AI systems builder with 15+ years in MarTech, SaaS, and agency marketing. Writes the hooks, outreach sequences, and landing pages, then builds the AI and automation systems that produce them at volume, adapting one messaging framework to each audience and vertical instead of starting from scratch. Grew a free offer through organic LinkedIn content to 180+ enrolled businesses and paying clients. Meta Ads certified, A/B tests by default, and has trained teams and built sales training, so what works gets turned into a playbook others can run.

PROFESSIONAL EXPERIENCE

Founder & Strategic / Marketing Operations Lead | Solenzo LLC

- Write clean, specific direct-response copy, outreach sequences, and landing pages that drive engagement and pipeline for service-business clients.
- Grew a free digital-footprint audit offer through organic LinkedIn content to 180+ enrolled businesses, converting 2 into paying clients: useful content first, the offer second.
- Built AI agent logic that scores each business's digital footprint and generates hyper-personalized outreach, matching the message to the specific prospect instead of one generic script.
- Built segmented campaigns by angle (website visibility, missed calls, low reviews), each with its own hook and message for a different pain point.
- Build reusable messaging frameworks and boilerplate assets, adapting a shared template base to each client's brand, voice, and vertical.
- Translate loosely formed ideas into precise, structured AI prompts and agent instructions, and score AI output against rubric-based grading criteria to keep quality consistent at volume.
- Write and publish thought leadership, newsletters, and educational guides for B2B audiences.
