SUMMARY

Hands-on local SEO practitioner with 4 years of concentrated SEO work inside 15+ years of digital marketing. Runs local SEO for service businesses at Solenzo: Google Business Profile setup and optimization first on every account, then technical audits in Screaming Frog, schema, on-page fixes implemented directly in the CMS, and GTM, GA4, and Search Console on every site. Onboarded 15-20 reseller partners onto Birdeye's listings data-aggregator product, making sure every end customer's listings were correct across the directory network. Built an automated SEO and AI-visibility audit that scores a site across 16 dimensions, tests how AI models recommend it, and flags the gaps, so AI search is part of the work, not an afterthought.
