SUMMARY

Solutions consultant with 15+ years selling, scoping, and implementing business software. At Accelo, I sold and scoped a CRM and professional-services automation platform (project management, time tracking, billing) to agencies and professional-services firms, ranking top three on a team of 8 to 15 while quota roughly doubled. I've since led onboarding and training at Wix and Birdeye and build integrations hands-on at Solenzo, so I can explain how the system works after the sale, not just before it. Denver-based, with close family ties to K-12 education.
