SUMMARY

Growth marketer with 15+ years in agency and marketing-operations work, currently running full-funnel SEO and paid-search strategy for local service businesses through my own practice. Own Google Ads accounts end to end - from build to daily optimization - for home-service and B2B clients, and run technical SEO audits, keyword and competitor research, and on-page fixes directly inside client CMS platforms. Comfortable leading client calls myself and translating strategy into plain language for a business owner who wants leads, not a ranking report. Judge performance by lead quality and conversion, not clicks or traffic in isolation.

PROFESSIONAL EXPERIENCE

Founder & Strategic / Marketing Operations Lead | Solenzo LLC

Feb 2024 - Present | Arvada, CO (Remote)

- Own Google Ads accounts end to end for local service-based businesses: built campaigns from the ground up, then rebuilt targeting and negative keywords on an underperforming account to cut spam and low-quality leads and improve click-through quality.
- Diagnosed a stalled-conversion account by tracing the remaining gap past the ad platform to the website's conversion path, rather than declaring the campaign fixed on click metrics alone - the same lead-quality-over-clicks judgment this role calls for.
- Conduct technical SEO audits, keyword gap analyses, and competitor and SERP research, implementing on-page fixes - titles, meta descriptions, headers, internal linking - directly inside client CMS platforms.
- Install and configure Google Tag Manager and conversion tracking on every client website built, validating tags before launch.
- Track acquisition, conversion, and lead quality in GA4 and Google Search Console across multiple concurrent client accounts, adjusting strategy based on what the data shows rather than producing a report and moving on.

Channel Partnerships & Customer Onboarding | Birdeye

Feb 2023 - Apr 2024 | Remote

- Onboarded and managed 15-20 reseller partners, including home-services businesses, on reputation-management and local-visibility tools (Google Business Profile optimization, review generation).
- Advised partners on local search visibility and customer-health metrics, retaining all but one (~94% retention) during tenure.

Account Manager, Onboarding Launch Specialist & Team Lead | Wix.com

Aug 2020 - Aug 2022 | Remote

- Led digital growth consultations aligning site architecture, on-page SEO, and inbound marketing to improve client traffic and conversion, working directly in client site content and metadata.
- Managed a high-value account portfolio across diverse verticals, contributing to a 30% increase in website traffic and 25% improvement in conversion rates across the e-commerce segment.
