Performance and account strategist with 15+ years across MarTech, SaaS, and agency environments, including agency-side paid media strategy (Google Ads, LinkedIn Ads, Meta Ads certified), A/B-tested campaign builds, and performance reporting through weekly reviews and QBRs. Diagnoses where a funnel is actually breaking, from lead quality to on-site conversion, and turns the finding into a test or a fix. Builds AI-assisted analysis and evaluation frameworks that speed up diagnostics and keep outputs explainable to clients. A decade owning B2B accounts, including ~94% partner retention at Birdeye, means performance work stays tied to adoption and revenue.
