SUMMARY

Agency account leader and business owner who runs the strategic conversation with owners and decision makers, not just the deliverables. Founder of a marketing operations practice and former co-owner of a regulated retail business, so pricing, capacity, and margin are conversations he has from the owner's side of the table. Sold and scoped operations software to professional-services firms at Accelo, learning how they price, staff, sell, and scale, and ranked top three of 8 to 15 reps while quota roughly doubled. Builds and tracks full-funnel systems from first lead through booked consultation and signed client, and retained ~94% of a 15-20 partner book at Birdeye by acting on early warning signs.
