SUMMARY

Marketing consultant for local service brands, working in content, semantic SEO, and AI visibility (AEO and GEO). That is the same problem Reddit presents: showing up credibly where people research before they buy, and earning the position rather than paying for it.

PROFESSIONAL EXPERIENCE

Independent Consultant | Solenzo LLC

Feb 2024 – Present

Arvada, CO (Remote)

- Run semantic SEO and AI-visibility work (AEO, GEO) for local service brands: technical audits, keyword gap analysis, and competitor research, so client content surfaces in search results and AI answers.
- Write and publish long-form content, newsletters, and educational guides for business audiences.
- Draft direct-response copy, outreach sequences, and landing pages in plain language rather than marketing voice.
- Translate loosely-formed client intent into precise written instructions, bridging what an owner means and what gets published.

Account Executive / Client Strategist | Level Agency

Sep 2024 – Feb 2025

Remote

- Ran Google keyword research and search-term analysis to shape campaign targeting and content direction, and produced the landing pages, email sequences, and copy behind it.

Channel Partnerships & Customer Onboarding | Birdeye

Feb 2023 – Apr 2024

Remote

- Led onboarding and training across a high-volume partner network on reputation management and marketing automation tools.
- Onboarded and managed 15–20 reseller partners, retaining all but one (~94% retention) during tenure.

Account Executive / Sales Operations | Fetch & Funnel

Sep 2022 – Feb 2023

Remote

- Ran client accounts end to end at a performance marketing agency, covering campaign execution, performance reporting, and cross-team communication.

Account Manager, Onboarding Launch Specialist & Team Lead | Wix.com

Aug 2020 – Aug 2022

Remote

- Led digital growth consultations aligning site architecture, inbound marketing, and SEO best practices to improve client traffic and conversion.
- Onboarded and launched 25+ clients per month across diverse verticals, and drove a 30% increase in website traffic across the e-commerce segment.
