Re: Senior Manager, Integrated Marketing & Custom Solutions

Dear Hiring Team,

Your line about seeing the whole campaign, ideas becoming sellable programs and sold programs becoming executable plans, is the work I've done for 15 years. At Level Agency I managed integrated programs across paid media, email, content, and landing pages, with about 3 accounts at $20K+/month in ad spend, and reported results back in QBRs. At Wix I led onboarding teams of up to 30 specialists, coaching them weekly while we launched 25+ clients a month at 120% of sales targets.

I'm most useful in the space between Sales and delivery. I've sat on both sides as a quota-carrying seller and as the person who owns the handoff, so I know where scopes slip and approvals stall, and I build the tracking that catches it before the client does.

I'll be direct about the gaps: my background is digital, not print or publishing, and I haven't run sponsored content or branded video programs. I'd welcome a conversation at 303-726-5037 or jrotnbrg@gmail.com.

Best,

Joshua Rotenberg
