SUMMARY

Marketing operations builder who doesn't call a campaign finished until the tracking can explain it. I build lifecycle stages, lead scoring, routing, nurture, and reactivation in HubSpot and GoHighLevel, instrument UTMs and conversion events at build time, and run outbound with sequencing and enrichment tools. At Solenzo I built a 20+ workflow lifecycle system and an inbound audit offer that enrolled 180+ businesses. A decade carrying a B2B quota means I build for the sales handoff, not around it.
