SUMMARY

Customer success and onboarding professional with 15+ years in B2B SaaS, MarTech, and agency environments. Proven ability to own the post-sales relationship end to end — kickoff, implementation, configuration, training, and ongoing optimization — translating complex product capabilities and integrations into measurable business value. Retained ~94% of a 15–20 partner book at Birdeye, led high-volume onboarding as a team lead at Wix, and guided API integrations and workflow design as a trusted advisor at Accelo. Comfortable in early-stage, high-growth environments where product adoption, retention, and expansion are the scoreboard.
