SUMMARY

Customer success manager who gets new customers to first value fast and keeps them engaged. Onboarded 25+ clients a month at Wix at 120% of sales targets, and retained all but one of a 15-20 partner book at Birdeye (~94%) by watching usage data and acting on adoption gaps early. Builds the education and engagement layer too: published 18 plain-language articles for non-technical business owners, ran product workshops and team training, and built automated onboarding and lifecycle sequences in HubSpot and GoHighLevel. Ran a free-offer, product-led acquisition motion for his own practice, so he knows how self-serve users become paying ones.
