SUMMARY

Implementation manager who owns client onboarding from discovery through adoption as the main point of contact. At Wix I launched 25+ clients a month with up to ~25 in flight, at 110% of implementation targets, while leading onboarding teams of up to 30. At Accelo I built phased implementation plans for incoming clients, deciding which systems to change and in what order. I document every process, train clients for adoption, and escalate risks early.
